OUR SERVICES

TRAINING & CONSULTING

Have staff you want to get trained? Our specialized programs are all hands-on. Our programs can also be catered to meet group needs.

We offer group rates and even on-site training at your facility. We also offer consulting services to evaluate your needs and current training programs.

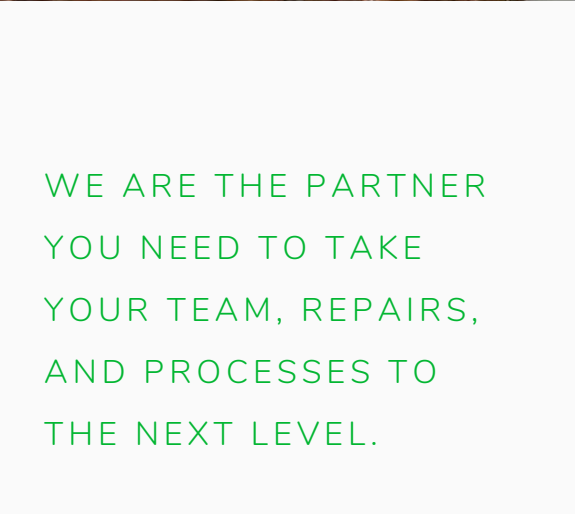

TRAINING DEVELOPMENT

Is your training program lacking? Have a lot of turnovers? Not connecting with new employees? Offer a product or service your clients struggle understanding? Is your facility's repair rate low? Need a brand new program?

We have the training expertise to develop your program and make it high-impact for your team or clients.

REPAIR ECO SYSTEM DEVELOPMENT

Is your goal to enter the repair space but confused about where to start? CellBotics can walk you through the entire process of setting up a repair depot/facility. From processes, training, supplies, vendors, metrics, software, and more, we can hold your hand from start to finish.

WE ARE THE PARTNER
YOU NEED TO TAKE
YOUR TEAM, REPAIRS,
AND PROCESSES TO
THE NEXT LEVEL.

TRAINING

TEAMS

WHITELABEL LMS SYSTEM

Every business is actually in the people business. Master connecting and empowering your people and your business will flourish.

Our team becomes yours when you sign up for our Learning Management System (LMS) program. Plus, it's all white labeled with your brand! Our content, custom content for you and so much more!

A supercharged LMS package like CellBotics offers will allow you to empower your team and motivate them to do their best. All while securing the company's ability to self-sustain and document legacy information that is sometimes lost in the shuffle of team members.

BIRDS EYE VIEW

Our team members have been in this industry for decades. When you work with us you get a wide range of experience, insight, and knowledge at your fingertips.

Let's not forget, CellBotics is also well-versed across multiple sectors of the industry. We have the ability to understand multiple layers of actions your business can take.

FLEXIBILITY

We work very closely with our clients to make the program fit their needs. We can do this on-site or remotely. No matter the location, we can positively affect your bottom line.
